

Michigan State University YCC AP Lab Visit Event Form 2015

Event - Overview							
Name of the Event*	YCC AP Lab Visit						
Brief Description*	Local high school students visited the analytical/physical chemistry labs and had a few hours to perform experiments on various analytical instruments. The general chemistry experiments were conducted with groups of 2-3 students by chemistry department graduate students and professors using fluorescence, atomic absorption, ICP-OES, XRF, GC-MS, FTIR-ATR, GC-FID, HPLC, XRD, NMR, and Uv-Vis spectroscopy.						
Organization*	Michigan State University

Michigan State University YCC Battle of the Chemistry Clubs Event Form 2015

Event - Overview							
Name of the Event*	YCC Battle of the Chemistry Clubs						
Brief Description*	The 8th annual Battle of the Chemistry Clubs was held at Michigan State University. We had a record number of twelve undergraduate teams attending to compete in a variety of chemistry related activities, including polymer synthesizing, periodic table of darts, titration races, a forensic murder mystery, and Jeopardy! University of Michigan- Flint ultimately won the Silver Sep Funnel. The event allowed the chemistry groups and the YCC graduate students to network and share ideas.

Michigan State University YCC Beagle Science Night Event Form 2015

Event - Overview							
Name of the Event*	YCC Beagle Science Night						
Brief Description*	Beagle Science Night was held to teach elementary students about chemistry, biology, physics, robotics, and zoology. YCC attended to make liquid nitrogen ice cream for the students. We talked about the properties of liquid nitrogen and what we use it for, as well as the general importance studying of science and chemistry.

Michigan State University YCC Children's Community Summer Camp Visit Event Form 2015

Event - Overview							
Name of the Event*	YCC Children's Community Summer Camp Visit						
Brief Description*	YCC hosted a visit from a summer camp for children ages 5-9. We performed demonstrations and hands-on activities including hot/cold packs, dry ice color changes, dry ice bubbles, liquid nitrogen, flubber, and the Mentos and Diet Coke explosion. We talked to them about temperature and the phases of matter. The students had a lot of fun mixing up the flubber to take home and participating in all the hands-on demonstrations.

Michigan State University YCC Holiday Food Drive Event Form 2015

Event - Overview							
Name of the Event*	YCC Holiday Food Drive						
Brief Description*	The YCC Holiday Food Drive is an annual event held in the MSU Department of Chemistry. We break the department into teams. Each team brings in non-perishables. The team that brings in the most wins. This team-based event helps to motivate some friendly competition to boost donations. Once the Holiday Food Drive is over, donations were then dropped off at the Greater Lansing Food Bank. This year's collection was highly successful, perhaps the most we've collected in donated in years.						
Organization*	Michigan State University

Michigan State University YCC MSU Science Olympiad - Chemistry Lab Event Form 2015

Event - Overview							
Name of the Event*	YCC MSU Science Olympiad - Chemistry Lab						
Brief Description*	At Science Olympiad, students competed in dozens of science-themed events across campus to win the state tournament and advance to the national tournament. One event created by YCC members was a chemistry competition made of a written exam with an experimental portion that employed principles the students were expected to have mastered. YCC volunteers designed the event, proctored the exam, scored all exams, ranked teams, and submitted materials to the Science Olympiad headquarters on campus.

Michigan State University YCC National Order of the Arrow - STEM Station Event Form 2015

Event - Overview							
Name of the Event*	YCC National Order of the Arrow - STEM Station						
Brief Description*	At the National Order of the Arrow Conference, held at Michigan State University in 2015, featured a STEM Station with a variety of STEM activities. The YCC ran a "Cryogenics Lab" station to talk about the properties and applications of liquid nitrogen. The demonstrations involves using a banana as a hammer, shrinking balloons, freezing food, and smashing rubber ducks and racquet balls. The Scouts also had the opportunity to talk to YCC members about the science we study.

Michigan State University YCC NSCL Tour Event Form 2015

Event - Overview							
Name of the Event*	YCC NSCL Tour						
Brief Description*	The National Superconducting Cyclotron Laboratory (NSCL) is one of the leading rare isotope research facilities in the world. YCC members went on a tour of the lab to learn about the research done there and its impact on science. They were able to see the cyclotron, fragment separator, and many detectors used in the lab. They were also able to see part of the construction site for the Facility for Rare Isotope Beams (FRIB), a new facility that advance research in nuclear science.

Michigan State University YCC Program in a Box: Tales of Lab Safety Event Form 2015

Event - Overview							
Name of the Event*	YCC Program in a Box: Tales of Lab Safety						
Brief Description*	The ACS Webinar program holds two YCC-specific webinars per year. The webinar this month was about lab safety practices and how we should all be aware of potential mistakes we could make in lab. It made us aware that just because we learn a technique from a former graduate student, post-doc, or even faculty doesn't mean it's safe- we have to do our own due diligence in our work.

Michigan State University YCC Whitehills Science & Engineering Festival Event Form 2015

Event - Overview							
Name of the Event*	YCC Whitehills Science & Engineering Festival						
Brief Description*	Whitehills Science & Engineering Festival was designed to promote science and engineering to elementary students and their parents. Many groups were brought in so the students could learn about robotics, physiology, chemistry, and so on. As part of the program, YCC made liquid nitrogen ice cream for the attendees. We talked about the properties of liquid nitrogen and what it was used for.
